

## Postponement of the 31<sup>st</sup> Raja Muda Selangor International Regatta

On 7<sup>th</sup> October 2020 the Malaysian Government announced that new CMCO conditions will apply to certain Red Zones within the country. The Royal Selangor Yacht Club in Port Klang is located in one of these Red Zones. For an initial 14 day period starting on 9<sup>th</sup> October, only essential services will be allowed to operate in this area, most activities including sports will be banned, and most movement in and out of the Red Zone will not be permitted. If the number of Covid 19 cases in the Port Klang area does not reduce to an acceptable number within 14 days it is quite possible that the CMCO period could be extended.

The RSYC/RMSIR Committees have decided that, under the present circumstances, it is not possible to hold the Raja Muda Selangor International Regatta on the previously announced dates of 13 –21st November 2020. The event is now officially postponed.

A further announcement will be made regarding the rescheduled dates for the 31<sup>st</sup> RMSIR.

We hope that this enforced change will not cause inconvenience to our sponsors, participants, partners, supporters and suppliers.
